Workforce Trends According to the Utah Department of Workforce Services, a total of 41,000 average annual job openings are expected for administrative assistant positions through the year 2010. Get the Facts The World Wide Web has changed the way we communicate and consume information. Millions of Web pages already exist, with more in the works. However, most people don't possess the technical know-how to launch an eye-catching Web site. For those individuals with Web page design skills, job opportunities should be plentiful. Core Curriculum and elective requirements may vary district to district. Check with your school counselor. Concurrent enrollment course offerings vary by school and district. Many Utah post-secondary programs accept high school courses toward a two- or four-year degree through concurrent enrollment. Check regional post-secondary Pathways for details.
